Joseph A. Palmieri Water Operations Manager for the Cromwell Fire District, Water Division, has asked that all Cromwell residents using municipal water be aware that the Water Division will begin their Water Main flushing and fire hydrant Maintenance program on April 6, 2020. Flushing will be done between the hours of 8:30 a.m. and 3:30 p.m. Monday through Friday and continuing through the Month of June or until all mains are cleared. As some low pressure and discoloration may result, residents are asked to check the water condition prior to using automatic washing equipment. Our continued flushing program helps ensure that we provide clean safe drinking water to our customers.

Residents with any questions or concerns are asked to contact the Cromwell Fire District, Water Division, at 860-635-4420.
